

Meet Mrs. Webster

About Me

My name is Michelle Webster and I have been an educator for 15 years. I graduated from the University of Regina with my Bachelor's of Education. After a few years of teaching I then completed a Master's of Education at Queens University in Assessment and Evaluation.

My Favourites

One of my favourite things to do is travel around the world. I have been to over twenty different countries and taught in Peru and South Korea. I love spending time with my husband and daughter, hiking, camping, being outside and exploring our beautiful city. I also love reading and cuddling up on the couch with a good book and hot cup of coffee.
