

MY CHILD'S LEARNING: A PARENT RESOURCE CUSTOMIZED INFO SHEET

Mathematics

Grade 2 students

- count to 100 in many different ways (e.g., count by 5s starting at 35 and going to 100)
- compare and order numbers to 100 and know whether a number is even or odd
- show, describe and compare quantities to 100, using objects, pictures and numbers
- understand and apply [strategies](#) for addition [facts](#) up to and including $9 + 9$ and related subtraction facts
- recall addition facts up to and including $5 + 5$ and related subtraction facts
- add and subtract numbers to 100
- talk about how they solve problems
- connect numbers, shapes and time frames to everyday life (e.g., relate the number of days to a week)
- recognize and create repeating and increasing patterns
- construct 2-D shapes and 3-D objects
- use graphs to communicate information
- measure using nonstandard tools such as a hand span
