

Riding the Bus

A Social Narrative

I can ride the bus to get to school.

After school I can ride the bus to get back home.

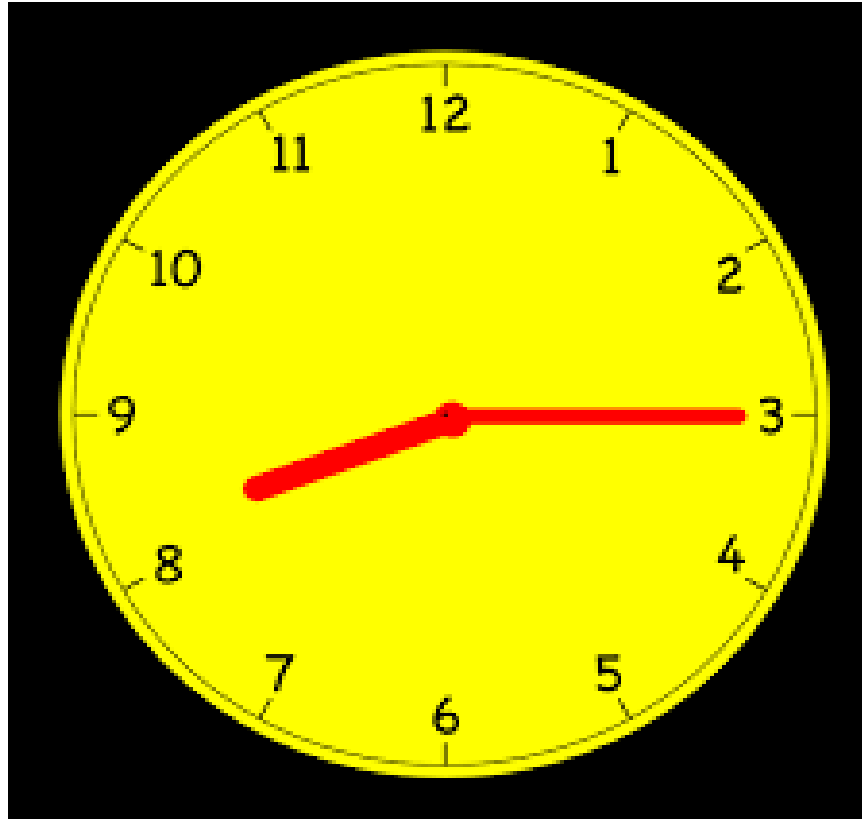

I get to ride the bus with other students.

It can be fun!

There are rules for riding the bus. I will follow the rules so that I am safe and the other people on the bus are safe too.

It's important to get to the bus stop on time! This means if my bus comes to the stop at 8:15, I need to be there by at least 8:10. I don't want to miss the bus!!

After the bus stops, I need to stand and wait in line. People take turns to get on the bus. Sometimes I wait in line for other people to get on too.

I will be polite to the bus driver. I should say good morning, hello, or good afternoon to show respect and kindness.
I will listen if the bus driver gives me directions.

I go to the seat that I am assigned.

When I am on the bus I stay in my seat. My school bag on my lap because at my school we share a seat with others.

I make sure that my hands are on my bag and my back is on the back of the seat.

I do not get up until it's time to get off of the bus.

I keep my hands and feet to myself. I do not touch other people. I do not touch other people's things. I stay in my seat and I do not move around. I need to stay safe.

I stay seated on the bus. I do not walk around on the bus
when it is moving.

I talk to the person sitting beside me. I do not yell or scream
on the bus.

I leave my lunch bag in my backpack. I do not eat on the bus.

When it is time to get off of the bus I will remember to take my backpack and my things.

I know how to ride the bus!
